We acknowledge the traditional custodians of this land, the Kaurna People. We pay our respects to the elders past, present and future - for they hold the memories, the traditions, the culture and hopes of Aboriginal Australia. We must always remember that under the concrete and asphalt this land is, was, and always will be, traditional Aboriginal land.

I.T. and You

I.T. Services are able to assist students with basic network access such as connecting to Wi-Fi, or how to use printing facilities. I.T. is not able to assist with hardware or software related issues; this is the responsibility of students to resolve.

You can lodge an I.T. issue by emailing itservicedesk@laureate.net.au Alternatively, to organise an appointment visit our Student Services Team.

Housekeeping

Please ensure you keep all campus areas clean and tidy, with furniture left in its allocated space or room. There are bins provided for general rubbish across the campus.

Facilities Team

We work hard to keep the facilities clean and tidy to ensure the campuses feel like your second home. You’ll spend a lot of time on campus so it needs to be a place you enjoy.

Learning support

Academic Skills
The Learning Support Team is here to make sure you can talk to someone about developing, or improving, your academic literacy.

• Study techniques
• Presentation skills
• Goal setting
• Grammar and spelling
• Time management
• Academic learning
• Creating an effective study environment

Studiosity
As part of enrolment, students get free access to Studiosity.
Studiosity is designed to support students with their core skills and writing skills. The service is delivered regardless of study mode; to improve students’ confidence and academic success. The service also supports teaching staff and management with necessary data and insight to prove whole-cohort outcomes. The specialists who provide this support do not cover course or curriculum content.

Students can find Studiosity within each subject on Blackboard, in the left-hand navigation panel, by clicking on the link.

Students can use the service during trimester breaks, on weekends and after hours. Students can use the service in two ways; live feedback (3pm-12am, Sunday to Friday) or writing feedback in less than 24 hours.

The ‘Writing Feedback’ Service
"Here’s my file, I’ll check back later.” This service offers constructive writing feedback in less than 24 hours.
Feedback is a spotlight, showing students where they might focus attention and add more thought - because timely feedback drives confidence and perseverance.

The ‘Connect Live’ Service
“I need help now!” This service offers one-to-one, personal help in real time.
A student formulates a question, and then works with one of the subject specialists in the interactive classroom – with chat, collaborative whiteboard, and file sharing.
